📁 PROJECTS

My portfolio 🔗
Welcome to my portfolio!
- I'm a passionate developer with a focus on creating visually stunning and user-friendly web interfaces. Explore my projects to see how I leverage HTML, CSS, JavaScript, and popular frameworks like React and Bootstrap. to bring designs to life.

E-Commerce 🔗
Welcome to our e-commerce!
- A modern e-commerce platform built with React, Redux, Firebase, and Tailwind CSS. Our API-driven architecture seamlessly integrates with various backend systems, using a fake API store to ensure flexibility and scalability. Enjoy a fast and responsive shopping experience, personalized product recommendations, secure authentication with Firebase, and a seamless checkout process.

Product Management System 🔗
Welcome to our CURD!
- Explore my project to see how I leverage HTML, CSS, JavaScript.
- In this project I used Local Storage and 'CRUD' stand for Create, Read, Update and Delete.
